Rule Exceptions - 8U Coach Pitch

Kids America utilizes Little League Rules with the following exceptions for Fall Baseball Leagues.

Eligible players must have been 8 years old or played in 8U baseball during calendar year 2022.

The lead runner's progress must be stopped to end play; however, if a ball is thrown to the pitcher (player or coach) play is stopped and runners not half way to the base to which they are advancing must return to the previously touched base unless forced.

Each batter may receive up to 6 pitches. If 3 swings with no contact take place before the 6th pitch then the batter is out. If no hit is achieved after the 6th pitch then the batter is out unless the ball is fouled (allows for more than 6 pitches).

Coach must kneel or stand and must be no closer than 20 feet in front of home plate to pitch the baseball.

Coach must pitch over hand to all batters.

Player/Pitcher must stand on, next to, or behind the pitching rubber when the coach is pitching the baseball.

Limit one base advance on an overthrow that goes out of play.

A maximum of 6 runs per inning per team is allowed. All 6 innings will be played each game with no run rule.

10 Players are allowed on the field. Teams must roster-bat. No bunting. No stealing.
